

**In the Listing of the claims:**

This list of claims replaces all prior versions and listings of claims in this application.

1-2. (Canceled)

3. (Currently Amended) A portable case ~~according to claim 1~~ in which a mirror for reflecting light from skin is installed in a cover body for opening and closing a case body including a storage part, comprising:

a light source part having plural types of light-emitting elements placed in said case body in order to vary the hue of light directed toward skin of a user of the portable case;

a battery for powering the light source part; and

selector switches for selectively switching the type of the light emitted from the light-emitting elements,

wherein said light-emitting elements are placed within a concave part near a portion where said cover body is attached and are mounted on an area inclined forward and upward so as to emit lights in the front and upward direction of said case body from a rear portion of said case body.

4. (Previously Presented) A portable case according to claim 3, further comprising:

a light control means for controlling the brightness of the light emitted from the light source part.
